3. The enclosed Tasking Plan on International Narcotics has been drafted following extensive discussion with respective intelligence components involved in the collection and production of foreign narcotics intelligence. The draft has been read and approved in substance by senior members of the White House Staff and in the Department of State who are involved in the narcotics problem.

4. Pursuant to White House urging for prompt dispatch of the plan, producers are asked to respond with any significant or major substantive revisions by the date mentioned above in para 2. This tasking plan, in final draft with collection responsibilities designated, will be reviewed at a future meeting of the Collection Capabilities Group (CCG). CCG members will be notified via memo of the meeting date.
